

# CODELOCK 200 MECHANICAL

- PVD, low maintenance, weather resistant finish
- Available in 5 functions
- Easy to fit
- Hexagonal bevelled handle and lock case
- Tumbler alignment for easy code change
- Key bypass option may be specified on any function

## Codelock CL200 Range

This premium range of light duty locks offers 5 functions in 2 PVD finishes, all of which are available with key override as an option. Multiple locks can be supplied keyed alike.

Codelock CL200 is suitable for a wide range of light duty entry control applications, in offices, warehouses, laboratories and around the home.

All products feature a bevelled hexagonal handle, tumbler alignment for easy code changing, and durable PVD (Physical Vapour Deposition) finishes.

As with all Codelocks, installation and code changing are simple, thanks to the easy to follow, clear instructions supplied.

### CL290BB Back to Back

The CL250 Mortice Latch may be ordered with two code plates, installed Back to Back, to provide coded access in both directions  
Stainless Steel finish only.
