DataGuard NT

120 minutes data media protection

Key Features

- Certified NT Fire 017 – 120 Diskette for two-hour protection of data media from fire
- Single-door safe with no insert required – means internal capacity is maximised and up to 60% more storage space than other safes in the same class
- User-friendly, slam-action door, which when shut provides full fire protection without needing to be locked
- Fittings supplied as standard – see table below for details
- Available in four sizes, ranging from 30–128 litres

Model	External dimensions (mm)			Internal dimensions (mm)			Internal Volume (litres)	Weight (kg)	Locking	Fittings		Fire Rating (mins)	Retail Price	Delivery & Position Price
	Height ¹	Width	Depth ¹	Height ²	Width ²	Depth				Shelf	Drawer			
25	530	546	566	280	346	306	30	145	Key Lock	1	0	120	£895	£110
40	700	546	566	450	346	306	48	190	Key Lock	1	1	120	£1,235	£169
80	1025	546	590	775	346	330	89	263	Key Lock	1	2	120	£1,450	£193
120	1025	702	590	775	502	330	128	330	Key Lock	1	2	120	£1,895	£221

¹External heights and depths include plinth and handle projection

²Internal heights and widths are also equal to the clear opening measurements
