

- Manufacturing** ISEO Cylinders are manufactured in Italy using highly automated CNC machinery which enables us to provide a high degree of assurance in dimensional accuracy, and produce a quality product at all times.
- Quality** Our cylinders are tested to a 200,000 cycle test, well above the BS EN1303 requirement.
- Range** An extensive range of sizes are held in our UK facility, and can usually be despatched within 48/72 hours.
- Security** All cylinders are provided with mushroom anti pick top pins, brass bottom pins, an extruded solid brass body, and a Steel Cam manufactured to DIN standard 18254.
- Keying Options** Master Keyed suites are written and produced in the UK, many suites can normally be despatched with 48/72 hours and larger suites within 5 working days.
- Keys** F5 cylinders are offered Keyed to differ (KD), or Keyed Alike (KA), and Master Keyed (MK) Keyed to differ are provided with 3 keys, KA and MK with 2 keys.
