

A high security, versatile 3 point locking system designed to replace the largest range of multipoint locks on the market.

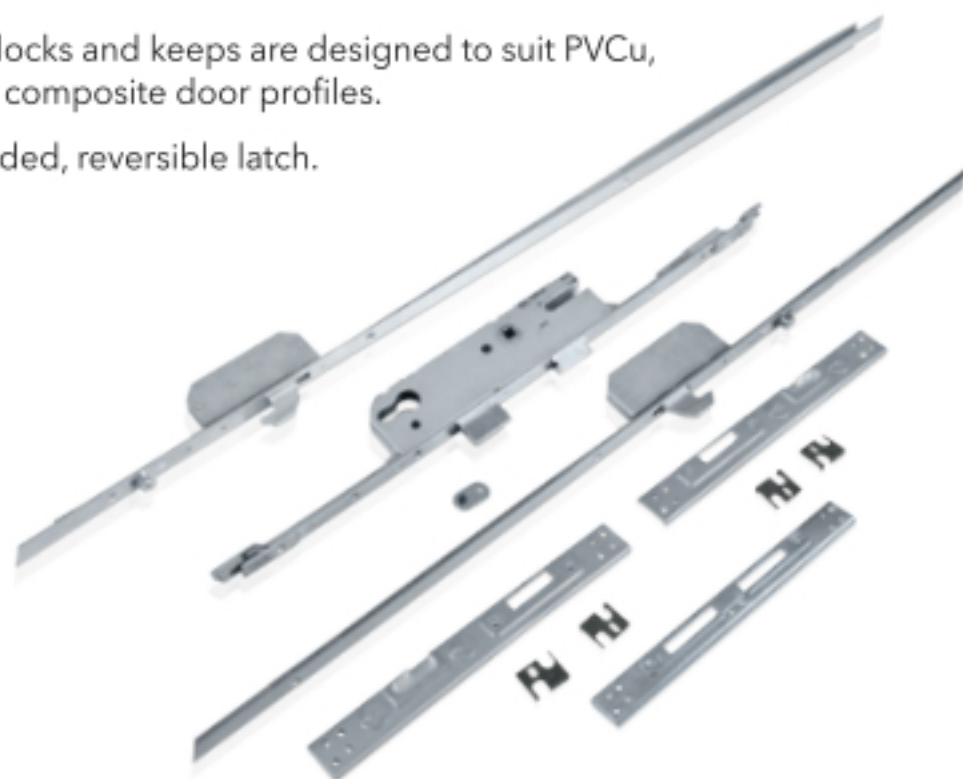

Supplied in 3 parts with serrated shoe connectors and croppable extensions for ultimate flexibility.

Available in 25mm, 28mm, 30mm, 35mm, 40mm and 45mm backsets and 16mm and 20mm faceplates.

Can be cropped to replace the majority of multipoint locks in the UK market.

Specific locks and keeps are designed to suit PVCu, wood or composite door profiles.

Non handed, reversible latch.

Specifications

BACKSET: 25mm, 28mm, 30mm, 35mm, 40mm or 45mm
