  - Tamper alarm and low battery warning
  - Connections for remote release by reception desk button, and alarm release included
  - Code Free entry mechanically by key or electronically from the keypad
  - Front change cylinder

### CL5020 Full Mortise Lock with Safety Feature

Outside lever and key functions as CL5010. Lockcase key retracts latchbolt for entry without using a code. Key controls the deadbolt position. When deadbolt is projected it denies access by code. When deadbolt is projected the safety feature allows the inside lever handle to retract the deadbolt and the latchbolt, preventing people being accidentally locked in.
