DUMMY KNOB

The **ERA Range of Door Knob Sets** consist of Entrance, Privacy, Passage and Dummy functions, which are designed to meet all customer requirements. Easy to install, each set is supplied with fitting instructions and templates. Tubular latches are adjustable to either 60mm or 70mm.

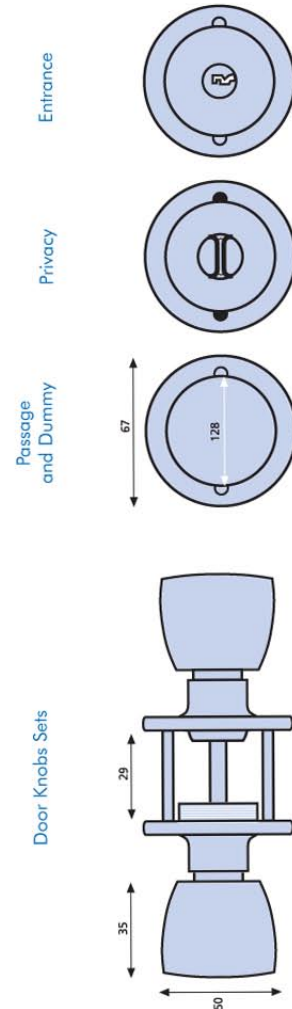

The locks available in this range can be used in different environments, which means they are suitable for both commercial and domestic applications.

The **ERA Entrance Lock** has been designed for applications on front and back doors and can be locked from either inside or outside.

The **ERA Passage Door Knob** is suitable for internal doors and as it is a non-locking knob set, it allows free access at all times.

For bathroom and bedroom use, the external knob on the **ERA Privacy Lock** has an emergency release, combining safety and privacy.

The **ERA Dummy Door Knob** is suitable for internal doors and as it is a non-locking single door knob, permanently fixed to the door and to be used in conjunction with a **Tubular Roller Latch**.
